Your mare's positive reproductive outcome is your highest priority and ours also.

We can manage your mare to carry her foal, perform single or multiple embryo flushes, oocyte aspiration (for Intracytoplasmic Sperm Injection or ICSI), incoming cooled-semen insemination mare management... all in one location.

Our combined experience is at your command no matter how difficult your mare has been previously.

LET'S GET YOUR MARE IN FOAL.

At Lazy E Ranch, there is a difference and the difference is not having a barren mare in 2019.
